

Mathematics Vocabulary Progression

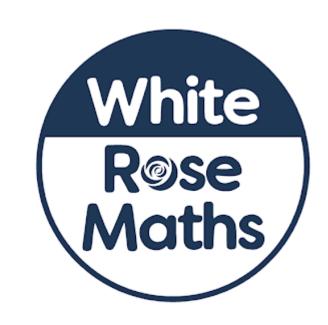

Reception to Year 6

This document is designed to assist with the teaching of vocabulary across Early Years (EYFS), Key Stage 1 (KS1) and Key Stage 2 (KS2) and is aligned with the White Rose Maths schemes of learning.

This document identifies in which year group vocabulary should be explicitly taught and introduced. However, language should be revisited in subsequent year groups to ensure children are consolidating their understanding. This is a working document, so vocabulary can be changed, added, removed if necessary.

Some vocabulary might be introduced earlier (shapes for instance) if necessary or as part of an activity, however this document ensures coverage is progressive.
